JOSEPH BYRNE

JBYRNE4279@GMAIL.COM

OVERVIEW

Graduating in September 2027 with a BA (Hons) in Business & Marketing of Fashion. Alongside my studies, I run my own clothing brand, designing CADs, managing international suppliers, running Meta ad campaigns and collaborating with influencers. Additionally, I'm well-versed in multiple AI models to make content, code websites, iOS apps & systems for businesses, whilst also managing Google Ads campaigns, achieving a 3.60x ROAS.

I'm seeking a role where I can apply my creative, technical and commercial skills within a collaborative team.

EXPERIENCE

PORTFOLIO

NEXT | Buying & Merchandising Intern [*Oct 2026 – Oct 2026*]
- Conducted competitor shopping, product benchmarking, moodboards and consumer trend analysis.
- Designed award-winning AW26 outerwear collection through trend research, consumer profiles and CAD design.
- Analysed weekly sales performance, supported reforecasting and range decisions for presentation
- Applied commercial insights to product design, range planning and seasonal direction.

Stearling Reinstatement | Marketing Manager [*Jan 2026 – Present*]
- Vibecoded 3 USP targeted websites using Claude Code, designing UX/UI, conversion funnels and technical/on-page SEO.
- Set up and managed Google Ads campaign, reducing CPA by 87.1% and achieving a 3.60x ROAS.
- Used keyword research, Google Keyword Planner to optimise landing-page and improve lead generation.
- Tracked campaign performance with GA4 and Google Search Console to inform ongoing website content, budget and ad strategy

Hertfordshire Council | Manager [*Mar 2026 – Sep 2026*]
- Initiated digital compliance tools, supervisor dashboards and web-based data capture systems to improve efficiency.
- Managed operations across 3 retail sites, overseeing team performance, sales and stock management.
- Developed AI-assisted menu redesigns to improve product presentation and drive sales.
- Drove 76% year-on-year revenue growth through operational improvements with AI and new marketing materials.

Incognito Labs | UX & Logic App Designer [*Dec 2025 – Present*]
- Led UX/UI and product development, translating market research into commercially focused app concepts.
- Designed and built with AI tools such as Claude Code, GPT, Perplexity, Gemini, Higgsfield.
- Designed user flows, wireframes and interface concepts.
- Identified opportunities to optimise onboarding, engagement and conversion.

Selfridges | Visual Merchandising [*Sep 2025 – Nov 2025*]
- Developed a trend-led visual merchandising concept for the Summer of Sounds campaign at Selfridges Bullring.
- Applied micro & macro trends to inform creative direction.
- Translated consumer insights into an engaging in-store product presentation.
- Considered brand positioning, customer engagement and retail experience when developing concepts.

TriMas | Marketing Intern [*Aug 2025 – Sep 2025*]
- Developed market-specific digital and print marketing collateral.
- Supported global marketing activities across multiple business divisions and 12 countries.
- Redesigned internal & external documents to support sales and product presentation.
- Coordinated marketing assets across international teams and business functions.

XTC Clothing | Independent Founder [*Jan 2025 – Present*]
- Founded a fashion brand, leading product development, design, sourcing and brand strategy from concept to launch.
- Managed e-commerce, Meta Ads, Shopify, paid advertising, influencer marketing and social media content.
- Conducted competitor analysis and trend research to inform product positioning and target audiences.
- Coordinated supplier communications, product specifications, pricing and launch planning.
